

KYP SYLLABUS

SYLLABUS FOR KYP

- The Kyp course is thoughtfully divided into three comprehensive segments, each spanning one month, as illustrated in the right column. This structure ensures a well-paced and immersive learning experience. Each session includes one hour of in-depth theoretical instruction and one hour of hands-on practice in the computer lab, blending knowledge and application seamlessly.

ROUTINE FOR KYP

Monday to Saturday, 6:30 AM to 5:30 PM

Each batch enjoys a total of 2 hours of study time daily from Monday to Saturday. This includes 1 hour dedicated to theoretical education and another hour for practical computer lab sessions. The specific timings will be tailored to your batch schedule, ensuring a seamless and personalized learning experience.

Sunday , 8:00 AM to 5:00 AM

For those unable to complete their daily sessions, our center offers the flexibility to catch up on missed topics at a convenient time. This ensures that no student falls behind and every topic is thoroughly covered.
